PROFESSIONAL SUMMARY

Full Stack Developer Intern with hands-on experience in building scalable and user-friendly web applications. Skilled in the MERN stack (MongoDB, Express.js, React.js, Node.js) and Next.js. Experienced in developing RESTful APIs, database integration, responsive UIs, and implementing secure authentication. Passionate about solving real-world problems and continuously learning new technologies.

INTERNSHIP EXPERIENCE

Full Stack Developer Intern

Sep 2025 – Mar 2026

Avesta HQ, Ahmedabad, Gujarat

- Developed full stack web applications using React.js, Next.js, Node.js, Express.js, and MongoDB.
- Built reusable UI components and implemented responsive, mobile-first designs.
- Developed and integrated RESTful APIs for various features and functionalities.
- Integrated MongoDB database using Mongoose for efficient data management.
- Implemented user authentication and authorization.
- Collaborated with the team using Git and GitHub for version control.
- Solved bugs and optimized application performance.
- Contributed to real-world projects and followed best coding practices.

Note: Completed internship successfully.

PROJECTS

Returno – Digital Loyalty & Rewards Platform

- Developed a full stack loyalty and rewards platform for local businesses.
- Implemented QR-based loyalty programs and reward redemption systems.
- Built merchant and customer dashboards with role-based access control.
- Developed REST APIs for campaigns, rewards, customers, and QR management.
- Integrated MongoDB with Mongoose for efficient data storage and retrieval.
- Implemented authentication, campaign management, analytics, and customer engagement features.

Weather Application

- Built a weather application using JavaScript and external weather APIs.
- Displayed real-time weather data and dynamic UI updates.
